

News From Craig.

—Mr. and Mrs. C. W. Anibal were in St. Joseph Monday of this week, buying good goods for their store.

—Mrs. W. H. Hambaugh, the wife of our new Democratic postmaster, was in St. Joseph the greater part of last week shopping and calling on her St. Joseph friends.

—Don Stokes has accepted a position with the Cobb shoe stores, of St. Joseph, and entered on his new duties Monday of this week. Don's many friends will be pleased to learn of his advancement.

—Dick Taylor is reported seriously ill and is under the watchful care of a physician. We are unable to learn just the nature of his sickness, but his many friends are very solicitous for his speedy recovery.

—Rev. F. P. Brewster was a passenger to St. Joseph Monday morning on the "Peep-a-boo," and on his return that evening he stopped over at Napier to conduct divine services for the people of that place and vicinity.

—Mrs. T. R. Burns and son Joyce returned from Kansas City Monday, where they have been visiting Mr. Burns, who is a student in the college for embalming in that city. Mrs. Burns reports a nice visit among the playhouses, stores and with her husband.

—Ray Carter, who has been engaged in the implement business in our city, has disposed of his business, having sold the same at auction, and has returned to his former home in Mound City. Mr. Carter, while here made many friends, who will be sorry to know he is with us no longer.

—Mr. and Mrs. D. L. Allen, of Kansas City, are guests of Mr. Allen's parents, F. K. Allen and wife. Don is a very promising student in the college for embalming, of Kansas City. He will probably locate in Craig after graduation, in the business of undertaker and embalmer, exclusively.

—Lee Lawrence was a visitor out of town over Sunday. Lee's movements here of late are very mysterious and smacks of something like an affair of the heart. Well, Lee has attained that age of maturity that something of that sort is usually looked for in a young man of his temperament.

—William Sharp has purchased the pool hall of Ernest Randall and will take possession April 13. Mr. Sharp, no doubt, will maintain the high standard that Mr. Randall has set for such businesses in Craig. We are unable to learn just what Mr. Randall will do in the future, but presume he will remain a citizen of the city at least.

—The appointment of W. H. Hambaugh, editor of the Leader, has met with almost unanimous approval by the people of our city and vicinity. Mr. Hambaugh will make an excellent postmaster, and with his characteristic vim and progressive ideas will add to the reputation of our city abroad. He donned the robes of office April 1.

—Mr. and Mrs. Chas. McCandlish returned Thursday, the 2d, from Excelsior Springs, where they have been the last three weeks, trying to regain their health. Mr. "Mack" is much improved, but Mrs. McCandlish does not testify to the healing waters of this famous resort. Her health, if any change, is not so good as when she left Craig.

—Mrs. Frank L. Maxwell, of Chillicothe, arrived Saturday, accompanied by her aged mother, Mrs. Butler, to visit with her sister, Mrs. J. W. Horn. She will return to her home Thursday, leaving her mother here for awhile. Mrs. Butler expects to remain with her children in Craig until about the middle of May, when she will go to the home of her son George in Minnesota.

—Rev. and Mrs. Geo. A. Puckett, of Ottawa, Kas., returned to their home, Monday of last week. Mrs. Puckett, you will remember better as Nellie Pierce, is a niece of R. A. Eckard, and has made her home with her uncle from her infancy until her marriage. Rev. Puckett was for a time pastor of the Sharp's Grove Baptist church. Both he and Mrs. Puckett are graduates of Craig High school.

—The lodge of Rebekahs are enjoying a delightful boom. On Friday night six more were introduced to the bucking, butting individual that delights to make havoc of frills and feathers to the entertainment of about 60 who were present. Those who became members were Sam. Horn, Mrs. Sam. Horn, Frances Price, Susie Parrish, Ruth Lawrence and Beale Story. The order now has a membership of about 90.

—The Wickiser ice plant is being rapidly pushed to completion. It will have a capacity of nine tons every 24 hours. To Mr. Wickiser the city of Craig is indebted for many of its progressive enterprises. The produce market maintained in Craig for years was promoted by him; the beautiful and capacious opera house is the result of his energy; and now he is, without the "bonus" usually exacted, erecting a modern ice plant, which will be a blessing during the winter, the hot days of the summer, to the people of Craig and vicinity. Here's to C. M. Wickiser—Would that Craig had a few more like him.

—City election passed off very quietly. The ticket nominated at the mass meeting Monday night of last week seemed to meet the approval of every one and consequently had no opposition. Those elected were: Mayor, John H. Hunt; Collector, Nicholas D. Merrill; Assessor, Henry DeLong; Marshal, Sam. Neely; Street Commissioner, Chas. Hardin; Alderman, First ward, Dr. J. C. Ottman; Alderman, Second ward, Thos. J. Nauman.

—Mrs. Josephine Adkins returned to her home at Arkansas City, Kas., Monday of last week, after an extended visit with friends here and in Oregon and Council Bluffs. Mrs. Adkins is arranging to go to California, leaving Arkansas City the 15th of this month. If she is smitten with the country, she will make it her future home. We understand that her mother, Mrs. C. A. Doughty, will accompany her on the trip and with the same object.

—On last Friday evening C. M. Lowe gave a ball as a closing number to his skating rink here in Craig. The closing of the rink meets with the approval of a large number of

people, especially those who are interested in the welfare of the public schools. There has been no doubt about its demoralizing effects among the students. It is predicted that many pupils will fail to secure promotion, who would, had it not been for the rink, passed on to higher grades.

—Our highly esteemed citizen, William Lipp, has been the recipient of good news. Last week Uncle Bill received a letter from the pension department at Washington that he would be given \$3,000 back pay and that his quarterly check hereafter would be written for \$21 per month. Uncle Bill has lived 1 1/2 miles west of Craig since 1861. He served three years in the Federal army against Gen. Price. He is perhaps the oldest veteran in Holt county. If he lives until October 30 he will have attained his 55th anniversary.

JOHNNY JUMP-UP.

Sunday School Contest.

The Evangelical Sunday school is having a unique contest. On next Sunday, Easter, the ladies will conduct the school; every officer and teacher will be a woman. On the first Sunday in May the men will have entire charge of the school—even the organist will be a man. Each side is trying to get the largest attendance on its particular Sunday. The losers are to give a picnic to the whole school.

There will be special music by the ladies next Sunday, including solos by Mrs. Dwight Meyer and Mrs. Chas. Davis, and a special Easter sermon by the pastor, Rev. Discinger. The public is cordially invited to attend these services.

—Girls, here is your chance to go in the lead. Beginning Saturday, April 11, and closing Saturday, April 18, we are going to have a Special Sale on Overalls, Work Pants and Work Shirts. During this time we will give 2,000 votes with each pair of Overalls bought, and 1,000 votes with each Work Shirt bought. Get busy, all of your friends can use Overalls and Work Shirts.

Holt County Medical Society.

The Holt County Medical Society met at Forest City, Thursday of last week, April 2. Dr. McClanahan invited the society to use his office for place of meeting. Those present were: Dr. J. W. Davis, Craig; Dr. J. M. Tracy, Mound City; Dr. F. E. Hogan, Bigelow; Dr. B. W. Babcock, New Point; Dr. J. L. Hogan and L. D. Harmon, Forbes; Dr. McClanahan and Dr. F. E. Bullock, Forest City; Dr. W. S. Wood, Dr. J. T. Thatcher, Dr. C. L. Evans, Oregon. The president being absent, Dr. J. T. Thatcher, vice-president, took the chair. Minutes of previous meeting were read; afterward three applications for membership were read, two, Dr. B. W. Babcock, of New Point, and Dr. L. D. Harmon, of Forbes, were admitted. The third application was referred to the Board of Curators.

After disposing of a number of communications and other business, the society took up the scientific part of the program. Dr. J. M. Tracy read a paper on "Puerperal Convulsions," and the discussion that followed took up so much time that Dr. F. E. Bullock was forced to postpone his paper on "Appendicitis," until the next meeting, which will be held at Bigelow on the first Thursday in July, which is the second. The doctor threatens a bomb-shell, so all members are requested to make their wills and take out all of the accident insurance that they can carry, and be there.

Christian Church Notes.

The Union church, as has been their custom for several years, sent their Easter offering to the Children's Home at St. Louis, Mo., Tuesday of this week. This, the second offering to the home this year—was about \$50 worth of good things to eat. These good things to eat will be greatly appreciated by these unfortunate children in that home.

The Ladies' Aid will hold their annual Easter sale at the home of Mrs. C. O. Proud, Friday and Saturday of this week. They have a large stock of goods on hand and can please their customers. Saturday, they will have a special cake sale. You can get everything that is good for your Sunday dinner by calling at the home of Mrs. Proud Saturday afternoon or evening.

We went above the hundred mark last Sunday in Sunday school. The social service at the close of Sunday school each Sunday is not only Scriptural, but has proven to be in demand by our people. The number in attendance at this service increases each Lord's day and we hope very soon to have every member of the church enjoying this service with us.

There will be special Easter services at the church next Sunday morning at 11 o'clock. Easter songs by the choir and an Easter solo by Mrs. R. H. Bridgeman.

To show my appreciation for the way these good people have treated me since coming among them six years ago, I am going to give to each woman present at our service next Sunday morning a white carnation.

Union Easter service at the church next Sunday eve at 8 o'clock. See the program elsewhere in this paper.

I will preach at the Forest City Christian church this Friday evening at 8 o'clock. B. H. DAWSON, Pastor.

Society.

On Wednesday evening, April 1, Misses Lottie Williams and Mary West entertained the Priscilla Club. Miss Nellie Kennedy and Mrs. J. C. Whitmer were guests of honor. Light refreshments were served after the usual embroidery hour.

Harmon has now located at Forbes, and we understand takes over the practice and business of Doctor Hogan.

—Frank Allison, aged about 18 years, and who was working for Joe Morris, about three miles southwest of Bigelow, met with an unfortunate accident, Thursday of last week, April 2, while chopping down a tree. A limb from the tree in falling, struck him on the left hand, splitting it open. Dr. Hogan, of Bigelow, was called, who took several stitches in the hand, and he is now getting all right, but it will be some time before he will be able to make a "full hand" again.
